# ABOUT US:

## Comprehensive Classroom Lectures

All the classes in **NK Classes** are taken by highly qualified and experienced faculties, mostly **IITians/Medicos**. Each chapter is started from its grass-root level and is dealt with to an extent which is the requirement of **IIT - JEE (JEE MAIN & JEE ADVANCED)/NEET** to enable the student to develop a comprehensive view of the whole chapter with a thorough understanding.

The classroom lectures are so integrated with the finest examples that once a student attends a complete lecture with the attention, he/she practically **left with no confusion** so far as fundamentals are concerned. Moreover, the class notes dictated during the lectures are so detailed that a thorough revision of the class notes along with previous years' IIT - JEE questions, completely addresses the requirement of IIT - JEE.

## Doubt Clarification

"If you ask a question, you may appear to be a fool for some time but if you don't ask it you will remain a fool for the whole life".

We encourage the students to ask their questions and doubts. For this, we have a pool of competent & dedicated teachers for each subject who are available to the students for **free interaction**. A student may interact with the concerned teacher before or after the classes or at any prefixed time as decided by the teacher and the student.

## Regular Test: Online & Offline Mode

At **NK Classes**, we are always committed to giving our students the best and keeping them updated so that they stay abreast in the ongoing competitions. As JEE Main and Advanced & AIIMS are online exams, we, at **NK Classes**, have a dedicated online testing platform for our students wherein our students appear for regular online tests from his/her home through laptop or mobile. This combination of online and offline testing keeps our students at par with the latest developments taking place in the world of JEE/NEET.

**NK Classes** conducts regular monthly tests both on **IIT - JEE(JEE MAIN & JEE ADVANCED)/NEET** and **Board Examination** pattern. Complete and detailed solutions of the tests, prepared by the teachers, are distributed to the students immediately after tests.

Further, the students' **performance report is communicated to their parents through SMS** on their registered numbers. Besides these tests, several chapter-wise tests of short duration are conducted at regular intervals as announced by the concerned teachers. A team of expert faculty designs the test paper and the **questions in the tests are highly exam oriented**.

## Board Exam

It is a common fear that the students preparing for the competitive examinations might not fare very well at the school board examination level. This often happens because they are grilled more in the competitive domain and are not given elaborate grooming in writing subjective answers required for the board examination.

**NK Classes** has a distinct methodology for preparing for the board and **IIT - JEE/NEET** level together. This is done by making the NCERT textbooks as the basic handbook of teaching in the class. Any subject is taught strictly in the same sequence as given in the NCERT textbook to prevent the child from developing undue confusion.

**Independent Board** (NCERT) level tests are conducted alongside the IIT - JEE/NEET level tests and the copies are corrected at a very meticulous level by teachers. The students then receive methodical board-level tips to perform excellently well in the exams. The detailed solution to each test paper does the rest of the work. Therefore, the foundation batch students of **NK Classes** perform excellently well in their board exams.

## Study Material

**NK Classes** provides **complete updated study material in the form of booklets, daily practice problems (DPP's) & class sheets** which carry comprehensive theory, examples to explain the theory, level based graded exercises, and recent year **questions asked in IIT - JEE (JEE Main & Advanced)/NEET**.

The study material is designed to supplement the classroom contact program of **NK Classes**. The synchronization of the classroom program with the study material is a unique feature of **NK Classes** which in long run produces a synergetic effect on the student & uplifts him to face the rigours of competitive exams with a high level of self-confidence. The key features of the study material provided, are:

- **Comprehensive Theory**
- **Finest examples to enhance the understanding of basic concepts.**
- **Objective-based exercises to face the current pattern of examinations.**
- **Subjective based exercises to inject the depth of the chapter.**
- **Recent year questions for a vivid perception of the current pattern.**

## Infrastructure

**NK Classes** incontestably owns the best infrastructure in the **IIT - JEE/NEET** coaching industry in the city which is also one of the best in Karnataka. Its exquisite furniture for seating coupled with round the clock power supply makes the job of intellectual accomplishment for the child pleasure.

We also have a very keen eye for the sanitation and hygiene for children and this is reflected in the relentless effort made by the support staff in keeping every nook and corner of the classes, including the toilets, clean.

## Research & Development

**NK Classes** owns a dedicated Research and Development Cell where a team of highly experienced faculty is dedicatedly at work on reinforcing the existing study material, creating innovative questions, and preparing simulation exam papers of Board Examination, JEE MAIN, and JEE ADVANCED / NEET keeping an acute vigilance on the current exam trends and paper patterns of the mentioned examinations.

## What is the Pre-Foundation Course?

In this highly competitive era, whether a child is aiming to build

up a career in engineering or medical or commerce or banking or aviation or any other professional field he/she must be fundamentally strong to make the journey smooth and productive.

The pre-foundation course addresses the school exams as well as the competitive exams like Olympiads, NTSE, and several others. As a matter of practice, the teaching methodology of **NK Classes** emphasizes the basic concepts, which is given even more stress in the Pre-Foundation course to bridge the jumping curriculum difference between the 10<sup>th</sup> and the 11<sup>th</sup> level.

## NK CLASSES PRE-FOUNDATION PROGRAM :

Basic Concept of the Program	Complete teaching of Science (Physics, Chemistry & Biology) Maths, Olympiads level while also addressing the complete need of Board Exam

## NK Classes – Vacation Classes for Class 9<sup>th</sup> students going to 10<sup>th</sup> class

**What are Vacation classes?**

**Vacation Classes** is a Two-month integrated course for the students of class 9<sup>th</sup> moving to class 10<sup>th</sup>. In this period the syllabus of class 10<sup>th</sup> will be taught completely which will give an idea to the students about the syllabus and difficulty level of concepts and ability to manage their time during regular classes. And these Vacation Classes are the Backbone for the students to score more.

**How to Join?**

For the eligible candidates seeking admission, an application form

is to be purchased from the **NK Classes** office by paying Rs. 500.00 and the duly filled form is to be submitted to the **NK Classes** office. If the candidate qualifies for the admission test, then for admission to the course no new form is required. Based on the performance in the admission test, scholarships are awarded. The details of various scholarship schemes are given in the fee structure table. In case of disqualification in the entrance test the candidate is not allowed to take admission under any circumstance.

# Students Love Attending NK Classes ..... Here's WHY?

Master. Priyanka Kulkarni, Love Dale Central School, Belgaum.

Master Praveen Mudalgeri, Good Shephard Central School, Belgaum.

I love NK classes because

- It always helps me to comprehend each and every concept clearly.
- NK sir gives always personal attention to make me understand complex concepts and helps me to find out proper solution for it.
- Sir always helps to build up my confidence in solving sums independently. One of the best tuitions in Belgaum which assures 100 result with the usage of lot of practice material.

" I love NK CLASSES the most because it teaches me the deepest knowledge that I never understood"

Master. Poorvi, Love Dale Central School, Belgaum.

Master Atharva Ghadge, KLE International School, Belgaum.

I like to attend classes at NK classes because proper planning for entire year is provided and concepts are simplified and explained well. Periodic assessments boosts our confidence.

"I like the way of teaching which can be easily grasped and the way of approach towards each student.NK Classes always clear my doubts and the teachers always look towards the convenience of students."

# Parents recommend NK Classes.... Here's WHY ?

Mrs. Deepali Kulkarni  
Shree Nagar, Belgaum.

I recommend NK classes because of the "extraordinary teaching method where each and every child understands the concepts clearly and thoroughly. My daughter Priyanka has become so confident in solving sums, problems, theorems, etc. I feel immensely happy that my daughter is a part of NK classes because whenever she was feeling low due to the stress of studies NK sir helped her to know that Every Dark Cloud has a Silver Lining. I like the way of teaching with lots of practice material, practice papers, and notes. I am sure that my daughter will pass the board examination with flying colours due to the support of NK classes".

Mr. Atul Mahindrakar  
Ganeshpur, Belgaum.

I recommend NK classes because of - "Exams are held regularly; cause of which students have a track on their studies. Hardworking Teachers. There is lot of progress in my child.
